

Sun-dried Fruits

Commercial
Proposal
from «RIVAL» LLC

«RIVAL» LLC

- is leading producer of sun-dried fruits in Armenia and is a reliable supplier of many trade networks in the Russian market. It is already the eighth year as the company introduces sun-dried fruit.

We guarantee our partners continuous supply and high quality of products. The production process takes place with the use of freshly harvested fruit and without the addition of GMOs.

Our advantages

Quality control

We control the whole dried fruit production chain starting from fruit cultivation up to selling the finished production.

Exclusive design

Nice packaging and bright appearance packages are able to draw attention of every consumer.

Natural Ingredients

We take care of our customers and present a natural product without GMO, colorings and conservatives.

Not usual assortment

Product line includes 8 names, including peach, red plum, pear and a mixture of red and white sweet cherries.

Flexible Supplies

Our equipment allows us to quickly expand the current production volume up to 20 tons a month with significant growth in sales.
